

City of Worcester

**An Ordinances Relative to
Sidewalk Snow Removal**

Chapter 12 § 23

§ 23. Sidewalk Snow & Ice Removal

(a) The owner or occupant of land bounded by any street, including state highways, whereon there is a sidewalk shall within ten hours after any winter storm, cause all snow, ice or other forms of freezing precipitation to be removed from such sidewalk to a width of not less than four feet for the entire distance that the sidewalk abuts the land. To the extent that snow, ice or freezing precipitation shall remain on any shoveled sidewalk, the owner or occupant shall treat the same with sand, salt or other suitable material.

(b) If the owner or occupant fails to remove such snow within the time provided in the preceding section, the city may assess a civil penalty pursuant to chapter fifteen for each calendar day upon which such snow, ice or freezing precipitation is not removed or treated as herein provided. In addition to the civil penalty, the city may remove or cause such snow, ice or other forms of freezing precipitation to be removed or treated and the owner or occupant shall reimburse the city for the expense incurred for such removal or treatment. Any sums so expended may be recovered in an action of contract by the city against the owner or occupant. The city may also impose a municipal charges lien on the property pursuant to G.L. c. 40, § 58. The civil penalty, removal expense and municipal charges lien shall be cumulative remedies exercised at the discretion of the city.

(c) For purposes of this section, “sidewalk” shall mean any paved area that is immediately adjacent to the area of a public or private way designated for vehicular travel and shall include any accessibility ramping connecting a sidewalk to the traveled portion of any adjacent street.
